Addendum No. 1 to RFP 18-007SB issued in response to questions received by potential contractors.

All provisions to this Addendum No. 1 are hereby incorporated by reference into the subject RFP 18-007SB. Proposers shall account for all provisions pursuant to this Addendum No. 1 in submitting their proposals. Each proposer shall acknowledge receipt of this Addendum in the space provided herein.

**Vendor Question No. 1:**

Are we able to only bid the sports field lighting portion of the contract?

**City Response:**

Contractors may select one or more of the disciplines being proposed

**Vendor Question No. 2:**

In the past, having a C-10 and a A license was requirement and I noticed there is only a requirement of a C-10. The scope of work details a backhoe and operators which would fall within the A license. Was hoping you could clarify?

**City Response:**

Each contractor shall be a licensed contractor pursuant to the Business and Professions Code and shall be licensed in the following appropriate classification(s) of contractor's license(s), for the work bid upon, and must maintain the California Contractor license(s) throughout the duration of the Contract: **"A" General Engineering Contractor or a C-10 Electrical Contractor.**

Should you have any additional questions or concerns, I can be reached at (951) 736-2369.

Thank you,
